

Shutters for Life

The Performance Collection of Interior Shutters is the right choice for lasting value, backed by a Non Prorated Lifetime Warranty direct from the manufacturer.

Elegance & Style

The Perfect Balance of Class, Elegance and Functionality

The Performance Collection is designed for ease of use with its easy maintenance materials and innovative latching system.

Functionality is also a key feature of the Performance shutter. They allow you to control the natural light in a room, while helping to increase the energy efficiency of your home.

The Performance Collection saves on energy costs as it will warm any room in the winter by acting as an added insulator, or blocks the heat in the warm summer months.

The Performance Collection will reduce noise levels by improving the acoustical value of a window.

The Performance Collection of Interior Shutters is designed to suit any decorating taste.

Add elegance and style to any room with these low maintenance interior shutters.

Easily change the look of any room with this unique window treatment, while still achieving the functionality you desire.
